2014- 2015 Action Taken Report

Criteria	Feedback	Action Taken
Syllabus	General feedback came from Diploma students for the initiation of degree courses. As they wanted to upgrade their level of studies.	Bachelors of vocation Interior Design and Fashion Technology was introduced in the department from 2015.
Faculty members	There was good feedback from students' side for the faculty members. Students requested for more field exposure and site visits.	Best and skilled faculty members were tried to be kept in the department for teaching. Faculties tried to provide practical exposure to the students.
Infrastructure	Students were less in the beginning so they were satisfied with the classes but for their practical they needed more space. This was paid attention.	Department had four class rooms which were renovated for the students. Department requested for more classrooms from the authorities.
Equipments	Teachers and Students needed boards and tables which were necessary for the proper working in their courses. There was a request for adding upgraded machines.	Twenty five computers were purchased for the proper training of students. Double top tables were purchased for proper conduction of practical classes of interior design and fashion technology. Drawing boards were purchased. Two smart classes were made for the convenience of students and teachers.

2015- 2016 Action Taken Report

Criteria	Feedback	Action Taken
Syllabus	Practical exposure with the market, industries and clients were the main issues of the students and parents.	Teachers focused more on practical exposure of the students. They were engaged in enhanced skill development programs, sent on site visits and industry visits. Internship programs were generated in coordination with the companies.
Faculty members	There was a need for faculty members that was addressed by the department.	Two contractual faculty members were appointed and other visiting faculty members were chosen on the basis of good academic records.
Infrastructure	The issue for labs and practical classes was found again among the students.	Four more classrooms were allotted to the Department from the university. Computer lab was made.
Equipments	There was an issue of electricity cutoff that would result in loss of data on which the students worked.	This issue was tackled by installing UPS in the computers with two hours battery backup. Furniture was purchased as the number of students and machines increased. Proposal for embroidery machines, industry machines, Dual desk tables and other furniture was sent.

2016- 2017 Action Taken Report

Criteria	Feedback	Action Taken
Syllabus	Teachers and students both wanted some up gradations in the syllabus. Request was made for placement enhancement	Upgraded syllabus was carried on as per the guidance. Several tie ups were done with the industries and good placements were generated. Various value added courses were developed for the inclusion of all members of the society, whether educated/ uneducated and with minimum eligibility criteria.
Faculty members	Students' feedback was taken for the faculty members.	Faculty enrichment program was organized in the department that focused on the enhancement of strength of the faculty members. They were allotted the subjects of their expertise for teaching. Faculty members whose performance was not up to the mark, issues were discussed with them.
Infrastructure	Students were satisfied with the infrastructure.	Proposal for exhibition area was made.
Equipments	Feedback mentioned a need for furniture.	Tuka-tech software for was purchased for pattern making in fashion technology. Four embroidery hand machines and ten industry machines for fashion technology were purchased for advancement. Dual desk tables were purchased.

2017- 2018 Action Taken Report

Criteria	Feedback	Action Taken
Syllabus	Members of the department including students and faculty members felt an urge to extend their efforts for the society. Also Co- curricular activities were focused.	Value added courses were generated in the department in which students also taught and got good exposure. Workshops on various topics were organized to let the student engage in innovative skills and learn new course related things.
Faculty members	Students wanted changes in the way of teaching in some subjects.	Students were asked to keep their problems in front of the professors directly. Problems were also discussed in the faculty enrichment meetings in the beginning of the new session.
Infrastructure	Feedback was satisfactory.	Hall proposal was accepted by the authorities and hall was provided to the department. Hall was renovated for classroom and exhibition purposes. Department renovation was in progress.
Equipments	Feedback was satisfactory.	More computers were purchased. Lab Stools were also purchased.
