1. Title of the Practice

Admission and Accessibility

2. Objectives of the Practice

- Ensuring publicity and transparency in the admission process.
- Increase/improve access for students belonging to different categories including SC/ST, OBC and women:

3. The Context

There are 44 departments/centers in the University in which nearly 10,000 students are studying. Out of which 36% students are female students. The female students coming to University from outside the city have a big question of accommodation that is safe and comfortable. University girls' hostels provide safe, comfortable and homely stay to the girls. The girls need to get accommodation with their admission in the University department. The information about hostels, admissions and admission procedure are needed for the purpose.

4. The Practice

The information about hostels, capacity of hostels, chief warden, wardens, and admission procedure are made available on university website. The list of admitted students is also displayed on University website. The admission is given purely on First Come First Serve basis to the students coming from outside the city.

5. Evidence of Success

Every year applications for admission received exceeds the total capacity of hostel and hostel get filled to its maximum capacity.

6. Problems Encountered and Resources Required

University website is maintained by IT centre and the information is easily uploaded on the website.
